(Coauthor: Senator Yee)

February 27, 2009

An act to amend Section 1719 of the Welfare and Institutions Code, relating to juveniles.

LEGISLATIVE COUNSEL'S DIGEST

AB 999, as amended, Skinner. Juveniles: Division of Juvenile Facilities.

Existing law sets forth the powers and duties of the Division of Juvenile Facilities in the Department of Corrections and Rehabilitation with respect to wards in its custody, including, but not limited to, the return of persons to the court of commitment for redispotion by the court, determination of offense category, and setting of parole consideration dates. Existing law requires the department to promulgate policies and regulations implementing a departmentwide system of graduated sanctions for addressing ward disciplinary matters, including extending a ward's parole consideration date, subject to appeal, from one to not more than 12 months, for a sustained serious misconduct violation, as specified. The department is also authorized to promulgate regulations to establish a process for granting wards who have

successfully responded to disciplinary sanctions a reduction of up to 50% of any time acquired for disciplinary matters.

This bill would revise and recast these provisions by including ~~conducting biannual, rather than annual, reviews,~~ good behavior time credits, and program time credits among the powers and duties of the division. The bill would require the ~~parole consideration~~ *projected board date, formerly referred to as the parole consideration date*, of a ward to be advanced no less than one day earlier for every day of satisfactory performance, as defined, in one or more credit qualifying programs, including performance in education, rehabilitation, therapeutic, work, ~~and or~~ other programs meant to prepare a ward for successful reentry into society. The bill would require the division to promulgate policies and regulations implementing a divisionwide system of graduated sanctions for addressing ward disciplinary matters. The bill would prohibit the division from extending or postponing a ward's ~~parole consideration~~ *projected board date*, but would permit forfeiture of not more than 6 months of combined program and good behavior credits for sustained serious misconduct. The bill would require the division to provide a document signed by a division official to each ward defining what conduct constitutes serious misconduct. The bill would also provide that program credits earned before January 1, 2010, would be honored. The bill would require the division to allow wards who received ~~parole consideration~~ *projected board date* extensions after January 1, 2009, and before January 1, 2010, and who have successfully responded to disciplinary sanctions a reinstatement of up to ~~100%~~ 100% of the time added.
